PREFACE TO THE EDITION OF 1962

The *Alphabetical Register of Sanskrit Works and Authors* based mainly on the Catalogues and Lists of Indian manuscripts published up to 1902 serves as an indispensable standard reference work for all those who are interested in Sanskrit literature

It was due to the brilliant intellect and the indefatigable endeavours of Theodor Aufrecht that Indology was provided with this reliable guide through an intricate mass of material

The first two parts of the original edition of 1891 and 1896 were printed with the financial assistance of the Deutsche Morgenländische Gesellschaft (the German Oriental Society) where as the third part was published in 1903 with the help of the Academies of Gottingen Leipzig Munich and Vienna

For a long time the CATALOGUS CATALOGORUM was out of print a circumstance deeply regretted by many scholars institutions and libraries Now that the new edition becomes available our thanks are due to the Deutsche Forschungsgemeinschaft (the German Research Association) for its liberal support which permitted the reprinting of the masterly work of Th Aufrecht

Tubingen July 31st 1962

A L Janert

We shall hardly ever succeed in accomplishing for Sanskrit Literature what has already been done to good purpose in several important branches of Arabic, namely to give an accurate description of its works, their authors, and the time these have lived in. The compass of the former is so vast, extending as it does over a period of 2500 years, and the lack of interest in historical truth in India is so great, that difficulties meet the inquirer at every step. The attempt, however, to give an account of the whole of Sanskrit Literature as contained in Manuscripts deposited in India as well as in Europe, was to be made, and it fell to my lot to undertake this task. The present work is the result of a labour of nearly thirty years, and its imperfections must be excused owing to the nature of the materials at my disposal, and my absence from the great centres of Manuscripts and Books, the Libraries of Berlin and of the India Office in London. A work of this kind is doomed to remain incomplete. Not to speak of India, where new discoveries are made daily, it seems almost incredible that the Libraries of the Asiatic Society of Calcutta, of Paris, of the British Museum, of the Asiatic Society in London, still remain without a Catalogue of their Sanskrit MSS, and that information about these can only be obtained by personal inquiry, or by consulting their written lists which are full of errors. From my own experience I know that bundles of Sanskrit MSS are scattered in Public and Private Libraries of England without attracting any notice. On this account it is possible that in Europe discoveries of important Sanskrit works can still be made.

The title Catalogus Catalogorum merely serves to express the sources from which the present work is derived. By the favour of the Government in India, no less than by that of private friends I was supplied with what, I believe, is nearly a complete collection of printed lists of Sanskrit MSS. To arrange and sift the matter therein contained required a great amount of perseverance and discretion. Fortunately, some of the Catalogues which have appeared in Europe, and a few published by some truly learned Scholars in India, have often afforded clues to escape from mazes of otherwise inextricable confusion. The Catalogues and Lists I have made use of are the following

1 *Jones* A Catalogue of Sanscrit and other Oriental Manuscripts presented to the Royal Society by Sir William and Lady Jones. Printed in Sir William Jones Works. London 1807 8 Vol XIII, p 401—15. This is a small collection of MSS, which were all copied for Sir William Jones. It is now being kept in the Library of the India Office. Quoted by pages. This mode of quotation is adopted in all cases where no remark is made to the contrary.

2 *Mack* Mackenzie Collection. A descriptive Catalogue of the Oriental Manuscripts collected by the late Lieut Col Colin Mackenzie. By H H. Wilson. Calcutta 1828 8. This collection was made in the South, and the greater part of it is now in the Library of the India Office.

3 *Copenh* Codices Indici Bibliothecae Regiae Havniensis enumerati et descripti a N L. Westergaard. Havniae 1846 4. Principally from the collection made by Erasmus Rask.

- 4 *Pet* Verzeichniss der auf Indien bezüglichen Handschriften und Holzdrucke im Asiatischen Museum, von Otto Böhtlingk Printed in Das Asiatische Museum zu St Petersburg von Dr Bornh Dorn St Petersburg 1846 8 I was unable to obtain some other lists of Sanskrit MSS, which are extant at St Petersburg
- 5 *IO* The Library of the India Office in London contains the collections of Colebrooke, Wilkins, Taylor, the Galkawar, Johnson, Fleet, Ballanlyne, Burnell, and others When my work went to press, only the first part of the valuable Catalogue by Professor Eggeberg, containing the Vedic Manuscripts, was then published By the courtesy of the Author I was allowed the use of the proof sheets of the second part, and those of the third part as far as page 552 My work would have been materially benefited, could I have waited for the completion of the whole But there is no prospect of this Catalogue being finished for perhaps another ten years The loss thereby caused has to a small extent been remedied by my having examined about 1150 volumes while residing in England, and afterwards during my occasional visits to London
- 6 *IV* Verzeichniss der Sanskrit Handschriften (der Königl. Bibliothek in Berlin) von A Weber Berlin 1853 4 This is a pattern of what a Catalogue ought to be, and it deals with MSS which in their bulk are not surpassed in value by any other collection in Europe
- 7 *Oxf* Catalogus Codicum Sanscritorum Bibliothecae Bodleianae Confecit Th Aufrecht Oxonii 1864 4 Since this Catalogue was printed, the Bodleian Library, with the exception of Hultzsch's collection, has not much increased its store of Sanskrit MSS These additional MSS I have examined and have, with only a few exceptions, entered in the present book
- 8 *Cambr* A Catalogue of Sanskrit Manuscripts in the Library of Trinity College, Cambridge By Th Aufrecht Cambridge 1869 8 The University Library in Cambridge has collected a considerable number of Sanskrit works, which ought to be made known to the Learned
- 9 *Paris* No printed Catalogue is in existence Fortunately, I was able to avail myself of a written alphabetical Catalogue compiled by S Munk, of which an abridged copy was made for Lassen by Goldstücker Mr Féer was obliging enough to send me in 1886 a list of later additions under the title of 'Liste des titres de Manuscrits Sanskrits ajoutés au Catalogue de Munk, augmentée des titres des Manuscrits en caractères autres que le Devanagari et le Bengali qui ne sont pas donnés dans le Catalogue' I have great pleasure in recording my thanks to Mr Féer publicly — Both lists are unfortunately replete with errors Barnouf's MSS are enumerated in the catalogue of sale of his books They are few and not valuable The small Catalogue by Hamilton and Langlès, Paris 1807 8 I could not procure on the Continent — Quoted by the numbers of entry in the written Catalogue
- 10 *Hall* A contribution towards an Index to the Bibliography of the Indian Philosophical systems By Fitzedward Hall Calcutta 1859 8 It would be presumption on my part to speak in praise of a work which by universal consent is considered to be unique and perfect in its particular department
- 11 *L* Notices of Sanskrit MSS by Rajendrakāla Mitra Calcutta 1871—90 Nine volumes in 8, and the first part of the tenth This is decidedly the best analysis of Sanskrit MSS, which up to the present time has been made by a Native of India. The copious extracts are very useful, and enable the attentive reader to judge of the contents of a work, even where he is deserted by the English text. The indefatigable industry of the Editor deserves every kind of commendation — Quoted by numbers
- 12 *Klm* A classified alphabetical Catalogue of Sanskrit MSS in the Southern division of the Bombay Presidency Compiled by F Kielhorn Fascicle I Bombay 1869 8
- 13 *K* A Catalogue of Sanskrit MSS existing in the Central Provinces Edited by F Kielhorn Nagpur 1874 8

- 14 *Kā* Report on the search for Sanskrit MSS in the Bombay Presidency during the year 1880—81 By F Kielhorn Bombay 1881 8
- 15 *B* A Catalogue of Sanskrit Manuscripts contained in the Private Libraries of Gujarat, Kaṭhīavād, Kachchh, Sindh, and Khāndeś Compiled under the Superintendence of G Bühler Four fascicles Bombay 1871—73 8
- 16 *Report* Detailed Report of a tour in search of Sanskrit MSS made in Kaṃmr, Rajputana, and Central India. By G Bühler Bombay 1877 8 This is a publication of great importance. Whole branches of literature, till then scarcely known were here brought to light and set forth in a masterly manner. The best works published in the Kāvya-mālā are printed from MSS brought by Bühler from this journey, and Sanskrit Scholars in Europe have also eagerly availed themselves of them.
- 17 *Ben.* A Catalogue of MSS in the Library of the Benares Sanskrit College. Published as a supplement to the Pandit Voll III—IX Benares 1864—74
- 18 *Lap* A descriptive Catalogue of Sanskrit MSS in the Library of the Asiatic Society of Bengal Part First Grammar Edited by Rājendralala Mitra. Calcutta 1877 8 Written with more pretence than knowledge.
- 19 *Buk* A Catalogue of Sanskrit Manuscripts in the Library of His Highness the Mahārāja of Bikaner Compiled by Rājendralala Mitra. Calcutta 1880 8
- 20 *Tub* Verzeichniss Indischer Handschriften der königlichen Universitäts-Bibliothek in Tübingen. Anhang Indische Handschriften der königlichen Oeffentlichen Bibliothek in Stuttgart Von R. Roth Tübingen 1865 4
- 21 *Haug* Verzeichniss der orientalischen Handschriften aus dem Nachlasse des Professor Dr. Martin Haug in München München 1876 4 This Catalogue was hastily compiled by Dr. Georg Ortner.

सायण minister of Raagaraja (1572—85)
Prayāçcātpaddhati.

सायण son of Mayaga, wrote under Bakka I of Viḍya
nagara (1350—79) and his successor Harhara. He
died in 1387 His numerous works are attributed
by turn to himself, to his brother Madhava, or Vi
dyarāja. See Burnell's Preface to the *Vaṇçabra
hmaṇa*. He was a pupil of Viṣṇu Sarvaṇa (Hall
p 161) and of Çaṅkaracānda (Hall p 88), and guru
of Ramakṛṣṇa (*Pañcadvīpika*). There can be very
little doubt, and a thorough examination of all
parts enables us to prove, that his comments on
the *Rigveda* and *Taittirīyasambhita* were only partially
done by himself and carried on by his school. The
interpretation of the *Taittirīyabrahmaṇa*, *Taittirīya
raṇyaka*, *Āitareyarāṇyaka*, shows a want of discretion
which can only be explained on the supposition
that their authorship belongs to a different writer
